IPE REAL ESTATE AWARDS 2006

IPE Real Estate Awards 2006 : the French pension fund COREM (Union Mutualiste Retraite), one of IXIS AEW Europe's major investors, has been granted two awards by the IPE Real Estate Awards 2006 which was held in June 2006 in Amsterdam :

1. as the best French pension fund in real estate investment, this award was sponsored by Schroders Property Investment Management.
2. as the best small (<€500 millions) European Investor, an award sponsored by Citigroup Property Investors.

Actually, COREM / UMR managed to replace its original narrow, €250 million worth portfolio of residential properties with a highly diversified spread of commercial real estate, by hiring the services of IXIS AEW Europe which advised them for the assessment , arbitrage and re-investment of their RE exposure.

For COREM, building a long-term partnership with its adviser IXIS AEW Europe is vital as it enables to trust and learn from each other.
